**Attachment Method:**

Bolted and clamp

**End Application:**

C-5m rerp

**Usage Design:**

Aircraft engine

**Functional Classification:**

Hh-1.1

**Special Features:**

Requested name-c-5m pylon mounting base

**Functional Description:**

Allows mounting base to mate with pylon sling for stable installation/removal of pylon from aircraft wings

**Material:**

Steel

**Material:**

Steel

**Reference Data And Literature:**

Serd 03-01-0004

**Surface Treatment:**

Paint

**Surface Treatment:**

Painted

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A30600
