End Application:

C-17a support equipment

Component Quantity:

16

Nonsupply Items And Quantities:

Crosby shackle 1019677 4, slingmax twin-path extra sling with covermax and k-spec core tpxcf7000 x 72ft 2, slingmax shackle pin pad pinp05 2, slingmax twin path sling tpxcf7000 x 24ft 2, crosby shackle 1019695 4, intercomp dynamometer wired 150007 2

Container Type:

Case

Operating Temperature Range:

4.0 degrees fahrenheit minus and 125.0 degrees fahrenheit plus

Functional Classification:

Kk-1.2

Functional Description:

Provides a means of towing the aircraft by the towing rings on the main landing gear

Color:

Green sling

Material:

Plastic case

Entry Date:

12-01-20

Surface Treatment:

Zinc shackle

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A553b0
