Overall Length:

208.000 inches

Overall Height:

32.000 inches

Overall Width:

84.000 inches

Wheel Quantity:

4

Tire Type:

Pneumatic

Wheel Diameter:

10.000 inches

Parking Brakes:

Included

Features Provided:

Flat bed

Drawbar Type:

Pole

Functional Classification:

Hh-2.8

Special Features:

Wheelbase 89 in.; ground clearance 8 in.; turning radius 200 in.; hinged center deck section opens for full access to stores

Functional Description:

Used to transport mk84 warhead to and from depot shop area

Reference Data And Literature:

T.O. 35d3-2-27-1

Supplementary Features:

Rated capacity 2.750 tons

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T277-a
