Overall Length:

184.000 inches

Overall Height:

51.000 inches

Overall Width:

102.000 inches

Frame Material:

Steel

End Application:

C-17 aircraft

Tire Type:

Pneumatic

Parking Brakes:

Included

Features Provided:

Parking brakes and tiedown rings

Frame Construction:

Welded

Special Features:

Manufacturer name-trailer, aircraft-tire change; load capacity-3, 000 lbs; towing speed-20 mph; operating temp-20 degrees to +125 degrees f; weight-1, 800 lbs; finish-green paint, number 24052 per mil-std-595

Functional Description:

Transport wheels, tires, brake assemblies, hoist-landing gear tire wheels, and their changing and handling equipment

Reference Data And Literature:

Serd no. 130448

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T277-a
