Overall Length:

8.910 inches

Outside Diameter:

Between 8.158 inches and 8.161 inches

End Application:

Mk 21 torpedo pump

Mounting Method:

Flange

Criticality Code Justification:

Feat

Special Features:

Weapons system essential, export control; impeller mounts on three keyways, held by 12 bolt flange; tapered i.D.

Material:

Iron alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T274-e
