Cylinder Quantity:

2

End Application:

2009 evinrude e-tec e65wdrl

Starting Method:

Manual

Product Name:

Propelling unit, outboard

Special Features:

Bore x stroke: 3.601 x 2.558; m induction: e-tec direct fuel injectionwith stratified low rpm combustion; horsepower: 65 hp at 5750 rpm; rpm range: 5500-6000 tr/min; weight: 235 pounds; shaft length: 20 inches; manual tilt system with assist cylinder

Fuel Type:

Gasoline

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T274-a
