Overall Length:

2.9742 feet

End Item Name:

Mine sweeper; fairing assembly, mid-boom

Usage Design:

Specific

Controlling Agency:

Edo marine and aviation systems

Manufacturer Identifying Number:

Mk105, model 751b

Boom Design:

Collapsible

Middle Boom Extension Accommodation:

Not included

Special Features:

Material is aluminum alloy, flat sheet 6061-t6, qq-a-250/11, angle stock 7075-t73, qq-a-200/11

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T341-c
