End Application:

Steering gear system 20666

Special Features:

Max design pressure-2600 psig. Maximum system pressure-2900 psig. operating pressure-2450 psig. Servo pressure-600 psi. Replenishing pressure-220 psig.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T307-j
