Width:

3.000 inches

Overall Length:

4.000 inches

Thickness:

0.250 inches

Hole Arrangement Style:

Single

Mounting Hole Diameter:

0.190 inches

End Application:

Mast guide

Friction Lining Material:

Metallic

Lining Style:

Rectangular block plain

Application Type:

Dry

Hole Type And Quantity:

3 countersunk

Attachment Method:

Bolted

Special Features:

Wear block sheet, nickle alloy (inconel 625, astm b443) annealed, grade 1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A230a0
