Opening Width:

26.000 inches

Panel Thickness:

0.075 inches

Operational Direction:

Right-hand

Design Type:

Watertight

Opening Length:

45.000 inches

Test Pressure Rating:

10 psi test pressure

Quick Operating Feature:

Not included

Opening Corner Radius:

8.828 inches

Dog Quantity:

6

Dog Location:

On frame

Dog Type:

Rotating

Passing Scuttle:

Not included

Fixed Light:

Not included

Material:

Steel

Material:

Steel

Surface Treatment:

Galvanized

Specification Or Standard:

429, interior assembly

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T274-u
