Diameter:

24.000 inches

Length:

33.000 inches

End Application:

Various coast guard vessels

Material Type And Location:

Nonmagnetic plastic unicellular foam

Special Features:

Two steel end plates 8.000 ins od x 1.125 ins id x 0.250 ins thk; two steel lift eyes 1.000 ins id; one steel through rod 1.000 ins diameter x 36.000 ins lg

Shape:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T274-j
