**End Application:**

E/i hatch

**Specific Usage Design:**

Aircraft carrier, elevator bal hatch

**Design Type:**

Adjustable

**Operation Method:**

Manual

**Special Features:**

Operating pressure 125psi, all stell parts with surfaces exposed to interior of cylinder to be plated to protect against corrosion/moisture

**Material:**

Steel

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A513u0
