End Application:

Nssn class submarine access hatch battery tank

Specific Usage Design:

Nssn class submarine access hatch battery tank

Design Type:

Dovetail

Operation Method:

Manual

Member Minimum Thickness For Which Designed:

1.968 inches

Special Features:

Mnbrz material

Material:

Copper alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A513u0
