Overall Height:

1.937 inches

End Application:

36x30x51 ballistic hatch; w/s: aircraft carrier cvn 76

Special Features:

124-7121004 part number 14 is welded to part number 21 making up part number 124-7121004 pc 14 x 21. Part 14 length is 6.500 in, width is 3.500 in, height is 1.750 in and has a 2.125 diameter hole. Part 21 width is 2.000 in, height is .500 in and has a 1.000 in diameter hole.

Part 14 dog is heat treated to 65000 psi min yield strength and 95000 psi min tensile strength.

Material:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
