**End Application:**

Torpedo tube breech door mechanism assembly right hand for nssn class submarine

**Vessel Class For Which Designed:**

Nssn class submarine

**Product Name:**

Hinge arm, door assembly

**Special Features:**

Hinge arm assembly includes bracket assembly, pin assembly, hinge arm, bell crank, shaft, bearing, spacer, key, lug, end cap, bumper, stop, and various cap screws & shims

**Material:**

Nickel-chromium-iron alloy and copper alloy and brass

**Material:**

Iron alloy and copper alloy and copper alloy

**Shape:**

Circular and cylindrical

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T274-z
