End Application:

Torpedo tube breech door mechanism assembly right hand for nssn class submarine

Vessel Class For Which Designed:

Nssn class submarine

Product Name:

Hinge arm, door assembly

Special Features:

Hinge arm assembly includes bracket assembly, pin assembly, hinge arm, bell crank, shaft, bearing, spacer, key, lug, end cap, bumper, stop, and various cap screws & shims

Material:

Nickel-chromium-iron alloy and copper alloy and brass

Material:

Iron alloy and copper alloy and copper alloy

Shape:

Circular and cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T274-z
