**End Application:**

Array assembly no los angeles class ssn (688)

**Specific Usage Design:**

Ejection system high efficiency inlet door (star board side)

**Design Type:**

Adjustable

**Operation Method:**

Manual

**Member Minimum Thickness For Which Designed:**

4.800 inches

**Material:**

Steel

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A513u0
