Overall Length:

5.000 inches

Overall Height:

2.310 inches

Overall Width:

3.844 inches

End Application:

High pressure watertight door structure

Design Type:

Rotary

Operation Method:

Manual

Special Features:

Material is cobalt, nickel, chromium, molybdenum alloy

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A513u0
