Overall Length:

19.000 inches

Overall Height:

2.000 inches

Overall Width:

19.000 inches

Environmental Protection:

Abrasion resistant

Product Name:

Boat decking panel

Special Features:

2.5 sq. Ft. Area; molded thermoplastic urethane; flame retardant; puncture resistant; uv stabilized; off-white; pre-punched water drainage holes

Gross Weight:

300.0 pallet pounds

Quantity Per Shipping Container:

120

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23900
