End Application:

C-3 a/c

Functional Classification:

Gg-7.1

Special Features:

Design type: truck mounted platform; capacity: 1500 pds.; no. Of platforms: 1; height adjusting: hydraulic; personnel protection: safety rails; no. Of wheels: 10; resting/surface: level; weight: 51000 pds.

Functional Description:

Used for maintenance tasks on wide body aircraft

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T361-h
