Prime Mover Type:

Diesel engine

Transmission Type:

Automatic

Tank Capacity:

2500.0 gallon, us measure

Wheelbase:

210.00 inches

Engine Power Rating:

450.0 horsepower

Special Features:

Detroit diesel co. Diesel engine; engine model 8v92ta; automatic transmission, pump drive type pto; 29 single wheel, tandem, single axles; pump capaci type 1000 gallons per minute; tank capaci type 2500 gallons; 8 x 8 chassis; closed cab ahead of engine; 4560 transmission; hemtt m977 chassis, 155 gallon fuel capacity; speed 62 mph; allison hd 4560 transmission

Supplementary Features:

Manufacturer's name hemtt - based water tender (hewatt)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A37500
