Body Material:

Steel and wood

Overall Length:

556.000 inches

Overall Width:

102.000 inches

Load Platform Length:

455.000 inches

Floor Level Design:

One level

Capacity Rating:

30.00 tons

Bed Type:

Tilting

Wheel Arrangement Style:

Rear tandem, dual

Bodywidth:

102.000 inches

Parking Brakes:

Included

Loading Ramp:

Not included

Load Platform Height:

40.000 inches

Gooseneck Length:

121.000 inches

Gooseneck Type:

Fixed

Product Name:

Nc nomenclature "trl, tilt, 48ft"; tech data name

Special Features:

Full width goose neck, hydraulic power packadge with 4stroke gasoline engine, 12, 000 pound hydraulic winch with 60ft cable, 50ft pendant type remote controladjustable deck hieght to 52", air ride suspension, tilting bed

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T277-f
