Cylinder Quantity:

1

Design Type:

Two-wheel

Operation Method:

Engine

Mechanical Drive Type:

Belt and chain

Engine Model Number:

146402 type 0142-01

Engine Manufacturer Name:

Briggs and stratton

Brake Horsepower At Specificationified Rpm:

6 bhp at 3600 rpm

Starting Method:

Pull

Transmission Type:

Automatic speed-ratio

Maximum Load Rating:

400.0 pounds

Wheelbase Length:

49.000 inches

Err Default:

Err default

Err Default:

Err default

Reference Number Differentiating Characteristics:

Name and model year 1966

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T277-s
