Overall Height:

3.640 inches

Inside Width:

3.560 inches

Fastening Device Type:

Bolts

Base Hole Diameter:

0.470 inches

Special Features:

Material thickness: 0.250 in. ; inside depth: 3.390 in. ; material width: 1.000 in.

Material:

Stainless steel

Material Specification:

Ast-14-13, grade a-cancelled assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02900
