**End Application:**

Mrap - common nsn - used on mrap no permanent wsd identified and 1 other weapon system

**Operation Method:**

Hydraulic

**Piston End Connection Style:**

Captured bushing

**Cylinder End Connection Style:**

Captured bushing

**Extended Length:**

845.0 millimeters

**Compressed Length:**

532.0 millimeters

**Protective Shield Type:**

No protection

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A07200
