End Application:
Mrap - common nsn - used on mrap no permanent wsdc identified and 1 other weapon system
Operation Method:
Hydraulic
Piston End Connection Style:
Captured bushing
Cylinder End Connection Style:
Captured bushing
Extended Length:
845.0 millimeters
Compressed Length:
532.0 millimeters
Protective Shield Type:
No protection
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A07200
