**End Application:**

Shock absorber front suspension

**Operation Method:**

Hydraulic

**Piston End Connection Style:**

Captured bushing

**Cylinder End Connection Style:**

Captured bushing

**Product Name:**

Direct action shock absorber

**Special Features:**

Shock absorber, front suspension, 10-23k, m2

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A07200
