Overall Length:

28.930 inches

Overall Width:

21.470 inches

Product Name:

Support, battery box and step

Vehicle Design Control Activity:

19207

Material:

Steel

Material Specification:

A1011, hslaf, grade 50. Class 2 assn standard single material response or a1011, hslas-f. Grade 50 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A507r0
