**Overall Length:**

46.010 inches

**Overall Width:**

32.750 inches

**Product Name:**

Weldment, applique, lh door

**Special Features:**

End item is 2320-01-417-3180, mk 48a1 front power unit; mark with cage and part number iaw mil-std-130; assy includes: plate, applique, lh door; weldment, mirror bracket; weld-on pivot link

**Surface Treatment:**

Paint

**Surface Treatment Specification:**

Mil-dtl-53072 military specification single treatment response and ftd-std-595 federal standard single treatment response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A507s0

**Mil-std (military Standard):**

Mil-dtl-53072 spec.
