**Overall Length:**

73.75 inches

**Overall Width:**

1.10 inches

**End Application:**

2310-01-595-3986, truck, ambulance

**Mounting Method:**

Bolt

**Mounting Position:**

Body rear

**Product Name:**

Rail, rear drip

**Vehicle Design Control Activity:**

19207

**Vehicle Identification Designator:**

Truck, ambulance

**Special Features:**

Thickness: 0.50 inches nominal, height: 1.30 inches, mounting holes: 11 each 0.156 inches diameter.

**Color:**

Tan

**Material:**

Aluminum alloy

**Material Specification:**

6061-t6 astm b209 assn standard all material responses or 6061-t4 astm b209. Assn standard all material responses

**Surface Treatment:**

Paint

**Surface Treatment Specification:**

Tan 686a assn standard all treatment responses

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A507r0
