Width:

6.50 inches

Thickness:

0.125 inches

Length:

4.0 inches

Mounting Hole Diameter:

0.312 inches all holes

Mounting Hole Quantity:

2

Mounting Hole Type:

Unthreaded

Next Higher Assembly Design Control Activity:

7t134

End Application:

2320-01-472-5884; combat identification kit

Product Name:

Rear plate

Color:

Brown, federal standard 595, 30145

Material:

Aluminum alloy 5052

Material Specification:

Astm b209 assn standard single material response

Shape:

Irregular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A530d0
