Slot Width:

0.75 inches

Slot Length:

0.406 inches

Thickness:

0.375 inches

Mounting Hole Diameter:

0.406 inches all holes

Mounting Hole Quantity:

13

Mounting Hole Type:

Thru hole and plain

Next Higher Assembly Identification Designator:

Mewss

End Application:

2355-01-598-5731; light armored vehicle

Component Document Origin:

Industrial

Document Type:

Industrial drawing

Usage Design:

Combat vehicle

Product Name:

Deck plate, rear

Color Chip Number:

34083

Color:

Green

Material:

Aluminum alloy 6061, type 651 and aluminum alloy 6063, t-52 and aluminum alloy 6061, type 6

Surface Treatment:

Powder coated and carc (chemical agent resistant coating)

Shape:

Irregular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A530d0
