Overall Length:

51.62 inches

Overall Width:

27.7 inches

End Application:

4930-01-517-6942, pumping unit, centrifugal, fueling-defuel

Product Name:

Frame assembly, engine top shroud

Vehicle Design Control Activity:

98255

Vehicle Identification Designator:

Pumping unit, centrifugal, fueling-defueling

Material:

Aluminum alloy 6061, type 6

Material Specification:

6061-t6 assn standard all material responses

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A507r0
