Overall Length:

100.13 inches

End Application:

2320-01-534-1867; truck, pallatized loading

Product Name:

Frame, middle, mach

Vehicle Design Control Activity:

19207

Vehicle Identification Designator:

M1977a4

Surface Treatment:

Carc (chemical agent resistant coating)

Surface Treatment Specification:

Fm 100, +20, +30 mfr ref single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A507r0
