**Overall Length:**

100.13 inches

**End Application:**

2320-01-534-1867; truck, pallatized loading

**Product Name:**

Frame, middle, mach

**Vehicle Design Control Activity:**

19207

**Vehicle Identification Designator:**

M1977a4

**Surface Treatment:**

Carc (chemical agent resistant coating)

**Surface Treatment Specification:**

Fm 100, +20, +30 mfr ref single treatment response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A507r0
