End Application:

2350-00-738-6846

Special Features:

Turret control, vehicular

General Description:

Carbon steel, 3.000 sq top, 0.312 thk, 0.343 diameter hole each corner 2.125 center to center, id 0.4 9 dia, hole each corner 2.125 center to center, id 0.4 9 dia, 1.562 lg, countersink 0.875 dia, 0.438 depth, 3 equally spaced holes 0.1405 dia, 0.375 depth, on bolt circle dia1.874.

Extended lower diameter 2.280 is 1.255 lg w/seal groove 0.250 from lower end, countesink lower id to 1.234 dia, 0.812 deep

Reference Number Differentiating Characteristics:

Turret control, vehicular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
