Overall Diameter:

1.062 inches

End Application:

Combat tank, xm1; nsn 2350-01-060-2445; hemtt family (heavy expanded mobility tactical trucks)

Product Name:

Actuator assembly, cdp

Special Features:

Nha transmission modulators

General Description:

Operating requirements: air pressure psi 5.0 with actuator force lbs 1.0 to 1.5; and air pressure psi 28.0 with actuator force lbs 6.9 to 7.1

Thread Size And Series/type Designator:

0.1250-27 unf

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
