Overall Length:

4.250 inches

End Application:

Fa/hornet

Connection Type:

Hub, bored

Fork Height:

5.906 inches

Criticality Code Justification:

Feat

Special Features:

Weapon system essential; style is brake flange type; fork depth 1.125 in; fork width 5.531; bolt hole diameter 1.688, center to center; hub end unthreaded; outer periphery surface is machined; distance from flange to yoke 1.500 in; keyway depth 0.438; outside shape is round; hub type end connection

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
