End Application:

25k aircraft cargo loader

Design Type:

Planetary gear w/integral torque converter

Special Features:

Altered from western diesel services, cagec 02884, p/n 23041825, model at-545, southwest mobile systems, cagec 98255, drawing number sw25925; gear ratios first 3.45: 1, second 2.25: 1, third 1.41: 1, fourth locked out, reverse 5.02: 1; converter stall ratio 2.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A521r0
