End Application:

TRAC-TO-R,W-HEEL

Specific Use:

For shift control on automatic transmission

Product Name:

Boot assembly

Vehicle Design Control Activity:

44185

Vehicle Identification Designator:

140dgov

Special Features:

Incl boot, gate plate, and hardware; boot material-rubber epdm; gate plate material-high strength nylon 901; black u v stabilized

Material:

Rubber and plastic polyamide

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A519x0
