Body Material:

Steel

Overall Height:

5.875 inches

Overall Width:

3.625 inches

Actuation Method:

Direct

Reservoir Type:

Integral

Features Provided:

Rubber boot

Mounting Type And Location:

Flange piston rod end

Port Location And Quantity:

2 center section

Bleeding Feature Quantity:

1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A34200
