**Thread Direction:**

Right-hand first end

**Thread Length:**

1.437 inches first end

**Overall Length:**

4.375 inches

**Body Diameter:**

1.375 inches

**Thread Size:**

1.000-14 first end

**Metallic Hardness Rating:**

Not rated

**Screw Thread Series Designator:**

Unf first end

**Adjustability:**

Nonadjustable second end

**Thread Location:**

Internal first end

**Construction:**

Tubular

**End Connection Type:**

Plain threaded first end

**Connecting Centers Relative Angular Position In Deg:**

270.0

**Distance From Rod/link End To Nearest Edge Of Opening:**

0.375 inches second end

**Opening Shape:**

Keyhole second end

**Opening Largest Diameter:**

0.500 inches second end

**Ball Stud Seat/threaded Plug:**

Included second end

**Rod End Lock Clamp:**

Not included

**Material:**

Steel, sae 1018, grade m or steel

**Material:**

Steel, sae 1018, grade m or steel

**Shape:**

Straight

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T307-m
