**Fabrication Method:**

Molded

**Width:**

2.000 inches

**Thickness:**

0.187 inches

**Friction Lining Material:**

Asbestos composition

**Lining Style:**

Bulk lining

**Application Type:**

Dry

**Features Provided:**

Flexible friction lining

**Specification Or Standard:**

2 type and 3/16 size

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A230a0
