Fabrication Method:

Molded

Width:

2.000 inches

Thickness:

0.187 inches

Friction Lining Material:

Asbestos composition

Lining Style:

Bulk lining

Application Type:

Dry

Features Provided:

Flexible friction lining

Specification Or Standard:

2 type and 3/16 size

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A230a0
