Shank Length:

0.469 inches

Shank Diameter:

0.562 inches

Radius:

Between 1.125 inches and 1.135 inches

Outside Diameter:

Between 1.095 inches and 1.105 inches

Overall Height:

0.781 inches

Material Hardness Rating:

52.0 rockwell c

Ball Seat Depth:

Between 0.118 inches and 0.133 inches

Features Provided:

Casehardened

Special Features:

Mat. Lubricant impregnation not included

Material:

Steel, sae 1112

Material:

Steel comp 1212

Material Specification:

Sae 1112 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T319-b
