Hole Arrangement Style:

Indefinite

Mounting Hole Diameter:

0.500 inches

Friction Lining Material:

Any acceptable

Application Type:

Dry

Hole Type And Quantity:

2 counterbored

Mounting Hole Circle Diameter:

Between 13.990 inches and 14.010 inches

Features Provided:

Rigid friction lining

Surface Condition And Location:

One side ground

Attachment Method:

Bolted

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A230a0
