End Application:

Grumman a-10 aircraft

Mounting Position:

Left front

Vehicle For Which Designed:

Aircraft

Vehicle Design Control Activity:

91091

Vehicle Identification Designator:

A10

Special Features:

Casting; 3.750 in. Between spindle arms; 1/8 pipe tap ea arm; four 0.437 in. Dia holes @equally spaced on 4 in. Dia bc; 1.125 in. Thk knuckle arm w/tapered hole

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A515s0
