Fabrication Method:

Molded

End Attachment Type:

Clevis

Friction Lining Material:

Asbestos composition

Suspension Anchor Clip Quantity:

3

Application Type:

Dry

Segment Quantity:

3

Drum Diameter For Which Designed:

14.000 inches

Surface Condition And Location:

Both sides ground

Drum Width For Which Designed:

2.000 inches

Actuation Method And Location:

Lever internal

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A230a0
