Thread Direction:

Right-hand second end

Thread Length:

1.875 inches

Overall Length:

Between 18.875 inches and 19.125 inches

Body Diameter:

1.000 inches

Thread Size:

9/16-18

Metallic Hardness Rating:

Not rated

Screw Thread Series Designator:

Unf

Thread Location:

Internal

Construction:

Tubular

End Connection Type:

Plain threaded

Rod End Lock Clamp:

Not included

Special Features:

Both ends chamfered 1/16 in. By 45 deg

Material:

Steel

Material:

Stainless steel

Shape:

Straight

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T307-m
