**Fabrication Method:**

Woven

**Width:**

0.562 inches

**Overall Length:**

2.188 inches

**Thickness:**

0.125 inches

**Hole Arrangement Style:**

Single

**Friction Lining Material:**

Asbestos composition

**Lining Style:**

Rectangular block plain

**Application Type:**

Dry

**Hole Type And Quantity:**

2 countersunk

**Features Provided:**

Flexible friction lining

**Surface Condition And Location:**

One side ground

**Attachment Method:**

Riveted

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A230a0
